

MATERIAL SAFETY DATA SHEET
C.O.S.H.H.

Product Name Industrial Fluid (UK)

Chemical Proprietary Mix

Physiological Data This product is not listed as a dangerous substance in the EEC directive that deals with the packaging and Labelling of dangerous substances.

Flash Point Non indicated by the *The Merck Index (ninth edition)*

Boiling Point 187 Celsius
290 Celsius

Irritant Effects Nil for eyes and skin [separate components and final mix]

Toxic Data Taken internally the product is harmless, probably because its oxidation yields pyruvic and acetic acids. *cf* Whitemore *Organic Chemistry* (New York 1951). Non Toxic.

Acute Inhalation Hazard This product has no acute inhalation hazard

C.O.S.H.H. indicate that there is **NO** short term exposure limit associated with this product

Technical protective measures (bulk barrels) in line with all chemical products, ensure good room ventilation and do not leave containers open.

First Aid If swallowed it is very unlikely that harm will result.
Wash eyes with plenty of clean water. In the unlikely event irritation should occur, seek medical advice.
Wash contaminated clothing with ordinary soap and water.

Industrial Hygiene The usual safety precautions relating to chemicals should be observed.

Disposal	Can be burned in incinerators with household refuse
After Spillage	Take up with absorbent material and dispose of according to instructions
Storage	Store containers in a cool place. Keep apart from oxidising materials
Handling	No special handling precautions are required but it is good practice to wear rubber gloves. As with all chemicals, eyewash with clean water should be readily available
Road Accidents	Observe the usual precautions Stop the engine Notify the police & fire brigade Warn other road users and keep public away from the area. Its presence on the road surface may increase the tendency to skid. Transfer as much as possible to other containers and flush away any residue with plenty of water

Transport This product is not regarded as hazardous for transportation
